

## YOUR COUNTRY NEEDS YOU!!!!

By Jim Hughes

What can you do for your country? Would you give the coat off your back to help a fellow countryman in need? Well, my canine readers, your time has come. Yes, I know the crises is not of your doing, but the solution to this crises can be solved if enough of you will make the sacrifice. Of course it will have a balding effect upon you, but take a look around you, many of your human friends have already given their all, [hair, that is].

It seems some clown down in the gulf has uncorked an oil well and it is doing what all good oil wells do, polluting the world. Great quantities of oil that should have been left in its own house is now trying to get into the houses of the shrimp, crabs, fish and other forms of sea life that really do not like the taste of oil as much as our Toyotas, Chevrolets, Fords and many other makes do. This oil is threatening the livelihood of the people who catch the sea life of the gulf. It is fast becoming one of the worlds great disasters.

We want your hair! Our environmentalist in charge of cleanup of the oil spill says dog hair, [human hair too} will absorb the oil so now is the time to get rid of all that hair you have been growing all winter. And you will feel better, both having contributed to help your country in its time of need and in making yourself cooler by eliminating the germination beds for fleas, ticks, worm eggs, fungus, etc. Simply ask your owner or groomer to pack up that nasty stuff and ship it. Go to [www.matteroftrust.org](http://www.matteroftrust.org) to read about what you can do. Then contact Jes Latin, 680 Koko Ct, Diamondhead, Ms. 39525 for western states or international contributors. Eastern states may contact Ingrid Setzer, 1827 S/W First St. Cape Coral, Fl. 33991
